About Us

FGS The Restoration Company, established in 1988, works with insurance companies and policyholders to restore homes and businesses after damages caused by fire, smoke, water, wind, hail, vehicle impact and vandalism. We also perform construction services, trauma and crime scene cleanup and 24-hour emergency services, and we offer emergency planning. We're based in Madison, Wisconsin – our territory expands throughout Dane County and into surrounding counties, and we occasionally work outside these areas. We have a growing, in-house staff of project managers, carpenters, drywallers, cleaners and painters who provide detailed estimates and timely repairs. We measure our success by how quickly we can re-establish a person's daily routine, with quality craftsmanship, the most advanced restoration equipment and decades of experience, while facilitating transparent communication among all parties.
